

KATADYN GROUP

FARALLON 1800C WATERMAKER

PRODUCT SPECIFICATIONS

1800 gal (6813 l) Production / Day Production / Hour 75 gal (284 l)

Power Requirement

208-240 V AC 7A 15 Watts/1 gal | 4 Watts/1 liter

Weight 310 lbs (141 kg)

4" x 10" pleated polyester 5 micron 4" x 10" pleated polyester 20 micron Pre Filters

Controls Spectra Connect Controller

Compatibility MFD Compatibility

Dedicated thruhull, dry and well ventilated area not to exceed 110°F/37°C Installation Requirements

Membranes (2) 40" x 4" High rejection spiral wound

polyamide

Pump and Motor Commercial variable AC motor with

Spectra Pearson Pump

99.2% Salt Rejection

Temperature Range Max 110°F/37°C Min 36°F/2°C

Baseline Conditions 33,000 PPM feed water at 77°F/25°C

3-11 (typical seawater pH is 8) pH Range

Chlorine Tolerance O PPM

Warranty Spectra standard warranty

350 lbs (159 kg) Shipping Weight 54" x 34" x 30" Shipping Dimensions

137 cm x 86 cm x 76 cm

FACTS

The Farallon systems are designed with Spectra's unique Pearson Pump technology for unrivaled reliability, energy efficiency and durability. The Spectra Connect allows you to operate and monitor your watermaker from a remote device, and has new added features like the Fill Tank mode, or a customizable Auto Run mode, and One-Touch Sensor Calibration. Now compatible with Garmin, Raymarine, and Navico/ Simrad Multi-Function Display (MFD), the watermaker provides even greater control from the helm. The slow-moving pumps mean minimal maintenance intervals for longer, quieter, and trouble-free operation. The Farallon's variable frequency drive motor controller ensures soft starts without massive inrush current to crash your generator at startup. Powered by 220 V AC, these systems bring municipal scale desalination plant features to your fingertips.

FEATURES

- Control your Spectra Watermaker directly from your Multifunction Display (MFD » Available for most Garmin, Raymarine and Navico/Simrad helm stations
- Completely automated with the Spectra Connect Controller Semi-modular design to allow flexible installations
- Pearson Pump technology standard
- Multiple run speeds for optimum system operation
- Highest output system rated for inverter operation

- Quiet operation
- Industrial grade motor and components
- Slow moving high pressure pump gives long service life
- Industrial grade components
- System includes a complete installation kit
- Secondary local display included
